- 新平台是否可提供 2014年以前的使用統計？
 - 平台目前可提供 2013年1月起的使用統計報告。(僅限BR2 Report。若需取得其它報告, 請聯繫 sonja.kao@oup.com)
- 使用統計每月何時產出？

Report Options | Report Output

As usage of our digital products increase, so do the demands for a deep understanding of how the products are being used. To meet these demands we are pleased to provide our institutional customers with COUNTER 4-compliant usage reports.

The COUNTER 4 code of practice provides an international, extendible Code of Practice for e-Resources that allows the usage of online information products and services to be measured in a credible, consistent and compatible way using vendor-generated data.

Given the diversity of our list and the COUNTER 4 release coinciding with additional work we are doing to enhance our usage statistics portal, the cut-over will be done in a phased approach with a majority of reports available during the first quarter of 2014. You will be kept updated on all migrations as they occur at this location.
